News and whatever strikes our eye this month

## BRIEFS

### REMOB BOUND FOR THE UK?

The Remob G3 light aircraft (Flight test Dec 07) may soon be available in the UK on a permit to fly with prices starting at £63k plus VAT. The UK dealer is based near Shobdon (EGBE) and is organising demo flights in Bavaria until the UK demonstrator is available.

### FAREWELL TOUR

The Douglas DC3 is making a final tour of the United Kingdom and will visit a number of regional airports. It's your last chance to book seats on one of the World's greatest aircraft. Dates and locations are at [www.classicflight.com](http://www.classicflight.com)

# Aero GP over Blackpool

Aero GP air race organisers have made a surprise announcement that the iconic British tourist destination of Blackpool will host an air race on 28 to 29 June 2008.

Multiple aircraft will race simultaneously at close quarters over the North Shore beachfront starting from the North Pier in the heart of Blackpool town.

Jeff Zaltman, president of the Aero GP, said, "We are thrilled to be able to confirm the first ever Aero GP in Britain. We couldn't

think of a better place to race than Blackpool, given its support for aviation and its success at hosting events. We promise the

visitors to Blackpool an historic and safe weekend of exciting sport led by amazing pilots."

The first round takes

place in Constanta, Romania on 7 to 8 June with at least one other European venue to be announced soon.
